TUCK'S POST CARD

CARTE POSTALE

The Wren (*Troglodytes parvulus*) is a very common variety in Great Britain. The birds measure about $3\frac{3}{4}$ inches in length, and construct a fair-sized nest of moss, hair, grass and feathers with a dome roof and entrance at the side. The eggs are white in colour with light brown spots and number from four to nine in a nest.

POSTKARTE

The Wren (*Troglodytes parvulus*) is a very common variety in Great Britain. The birds measure about 3½ inches in length, and construct a fair-sized nest of moss, hair, grass and feathers with a dome roof and entrance at the side. The eggs are white in colour with light brown spots and number from four to nine in a nest.

Dr. J.
Sorry to receive
your wire. Hope not
serious. You must let
us know. All very
much disappointed.
Love to both of you.
from us all.
Fred.
